

TSW Alloy Wheels, Your source for staggered & exclusive fit aftermarket alloy wheels, born from a rich racing heritage, founded by a former Formula One racing driver. TSW Alloy wheels are manufactured to extremely high standards and often exceed the industry norm, resulting in a smoother, better handling ride. TSW Wheels & Exclusive brands partnership with the TBC Retail Group allows Company owned & Franchisee stores the opportunity to purchase a renowned brand of wheels with confidence in fit & finish, to create an ease in sell, and end-customer satisfaction.

### **BEST FEATURE**

TSW Alloy Wheels is the industry leader in staggered sizing fitment options.

TSW Alloy Wheels is the industry leader for European and import fitments. Watch the quick video about TSW manufacturing quality standards. [http://www.tsw.com/staggered\\_wheels\\_videos.php](http://www.tsw.com/staggered_wheels_videos.php)

TSW Alloy Wheels builds wheels to a higher level of quality standard than most of the industry. Most of their exclusively branded wheels are designed in style and built hub-centric to "form fit" the leading automakers like BMW, Mercedes-Benz, Land Rover, Porsche, Corvette, Jaguar, Lexus and Corvette. These options often accept the OEM center cap and OEM lug fasteners.

### **HOURS OF OPERATION**

7:00AM – 5:00PM PST Monday - Friday

### **MARKETS SERVED**

TSW Alloy Wheels are available in (42) states. TSW has exclusive distributor territories in: Idaho, Washington, Oregon, Utah, Montana & Alaska. If you are located in one of these territories, Contact TBC Customer Service to help assist with ordering wheels.
